

Regarding Measures against the Novel Corona Virus (COVID-19)

28 FEBRUARY 2020

Attn: All students, parents and guardians,

Regarding Classes in March 2020

There have been many reports on the news regarding Corona Virus every day. At this point in time, Matsudo City and Matsudo International School has remained largely unaffected, with no students infected or with suspicion of being infected. However, in order to prevent any potential spread of infection, the below measures will be taken.

In order to monitor the situation and to reduce potential exposure for students and staff who have to travel on trains, the following changes will be made to the lesson schedule.

We as a school take careful consideration of both the wellbeing and health of our students. We also fully intend to take appropriate measures in case of any sudden turn of events. Please refer to our website and social media for updates.

We kindly seek your attention regarding this matter. Thank you.

Sincerely,
Matsudo International School
Principal - Iwamoto Naoki
